Inpatient Quality Reporting

Comments: It is important to note that a newborn is inpatient at the time of delivery, since the Birth Date, Time and PSO orders won't match.

Data Element Name: Admission Date Collected For: All Records
Definition: The month, day, and year of admission to acute inpatient care.

Work Step [127]

Description: Confirm that Result Copy has been completed

Step Impact: Training

Comments: BCC_BIRTH_MEAS_CE rule populates the Measured Weight when a Birth Weight has been documented on the mother's chart and is result copied to the newborn's chart. The Measured Weight will then copy into the Dosing Weight via the BCC_RX_MOVE_BIRTH_WT rule.

Work Step [176]

Description: Enter Newborn - Admission orders, and PAO Admit to Inpatient order

Comments: For all babies delivered and admitted to WB the medical service = Newborn.

Inpatient Quality Reporting

Comments: Data Element Name: Birth Weight
Collected For: PC-04
Definition: The weight (in
grams) of a newborn at the time of delivery. Note: 453.5 grams = 1
pound 28.35 grams = 1 ounce It is recommended that each ORYX Vendor
provide the ability to enter birth weight in either grams or pounds.
However, all birth weights must be converted to grams prior to

indicator calculation.

Suggested Data Collection Question: What was the weight of the newborn at delivery?

Format:

Length: 4 or UTD

Type: AlphanumericOccurs: 1

Allowable Values:150

through 8165 grams UTD = Unable to Determine

Work Step [48]

Description: Place any additional orders for labs, medications, procedures, or discharge as needed

Step Impact: Financial

Comments: Academic Considerations: For ordering, refer to "Provider Workflow - Resident and Mid-Level Order Entry". The PSO order should be placed by the attending. If a resident or midlevel places the order, it must be cosigned within a 24 hour period to meet requirements for the 24 hour rule.

Work Step [46]

Description: Document Newborn Admission using the Dynamic Documentation template

Value Impact: Quality

Step Impact: Financial
Regulatory

Regulatory Details: Certified Health IT (CHIT)
Inpatient Quality Reporting

Comments: Academic Considerations: The note status for Resident and Medical Student notes can be based on organizational policy and state

regulation. Please reference "Provider Workflow - Resident and Mid-Level Documentation"
