

#### INTERPROFESSIONAL REHAB/ALLIED HEALTH

#### Accessing documentation from Results Review:

While in a patient's chart, navigate to Results Review from Table of Contents.

There are unique tabs listed across the top, each attached to a default Flowsheet view. Within each tab, you can filter what information is displayed using the blue check boxes in the left pane. Information listed within Results review has the most recent data points to the left.

Custom Results Review Flowsheet views were created by the Rehab stream and they are titled:

- Treatment Flowsheets
  - This condenses all therapy roles Flowsheets in one location.
- Rehab Goals
  - This condenses all Long Term, Short Term and SMART Goals from the different Rehab disciplines into one location.
- o Rehab Assessments
  - This condenses all the special tests, data elements, outcome measures, etc. from each of the Rehab disciplines into one location.
- Discharge Plan and Education
  - This condenses numerous DTA's from the Discharge Plan and Education Sessions from the different Rehab disciplines into one location.

You can expand the date and time range visible within Results Review by right clicking the existing date range and selecting change Search Criteria. In the Search Criteria window.
