Navigating Hemodialysis Treatment Day of Treatment Tab

The screenshot shows the 'Orders' tab for a 'Medication List'. On the left, a tree view shows treatment cycles (1 and 2) with their respective phases (Initiated Pending, Discontinued Pending). The main area displays a table of treatment days (1, 3, 5, 8, 10, 12, 1) with columns for 'Future Pending' and 'Planned' orders. A 'Component' section lists 'Hemodialysis' with a note on order details, 'Vital Signs/Monitoring', and 'Patient Care'. A 'Details' section at the bottom includes 'Code Status (Goals of Care)' and 'KCP Goals of Care Event'. Numbered callouts: 1 points to the treatment cycles in the left pane; 2 points to the '+ Add to Phase' button; 3 points to the 'Future Pending' column header; 4 points to the 'Actions' button in the 'Future Pending' column.

1. An overview of the treatment regimen cycles and their Phase Actions.
2. Add to Phase: This button allows adding single orders to the entire treatment regimen. It also allows adding a day to the treatment regimen as shown below.

The 'Add to Phase' dropdown menu is open, showing the following options: 'Add Order...', 'Add Outcome / Intervention...', 'Add Prescription...', and 'Add Day of Treatment ...'.

3. Days columns show what order is planned/initiated for that day. To remove an order on that day hover to the box and utilize  to quickly remove the order.

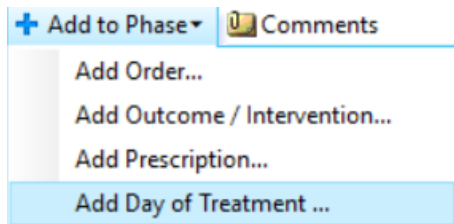

A blue box labeled 'Planned' with a white remove icon (two horizontal lines) on the right side.

4. The Actions button allows you to add an order to that specific day and change the start date/time.

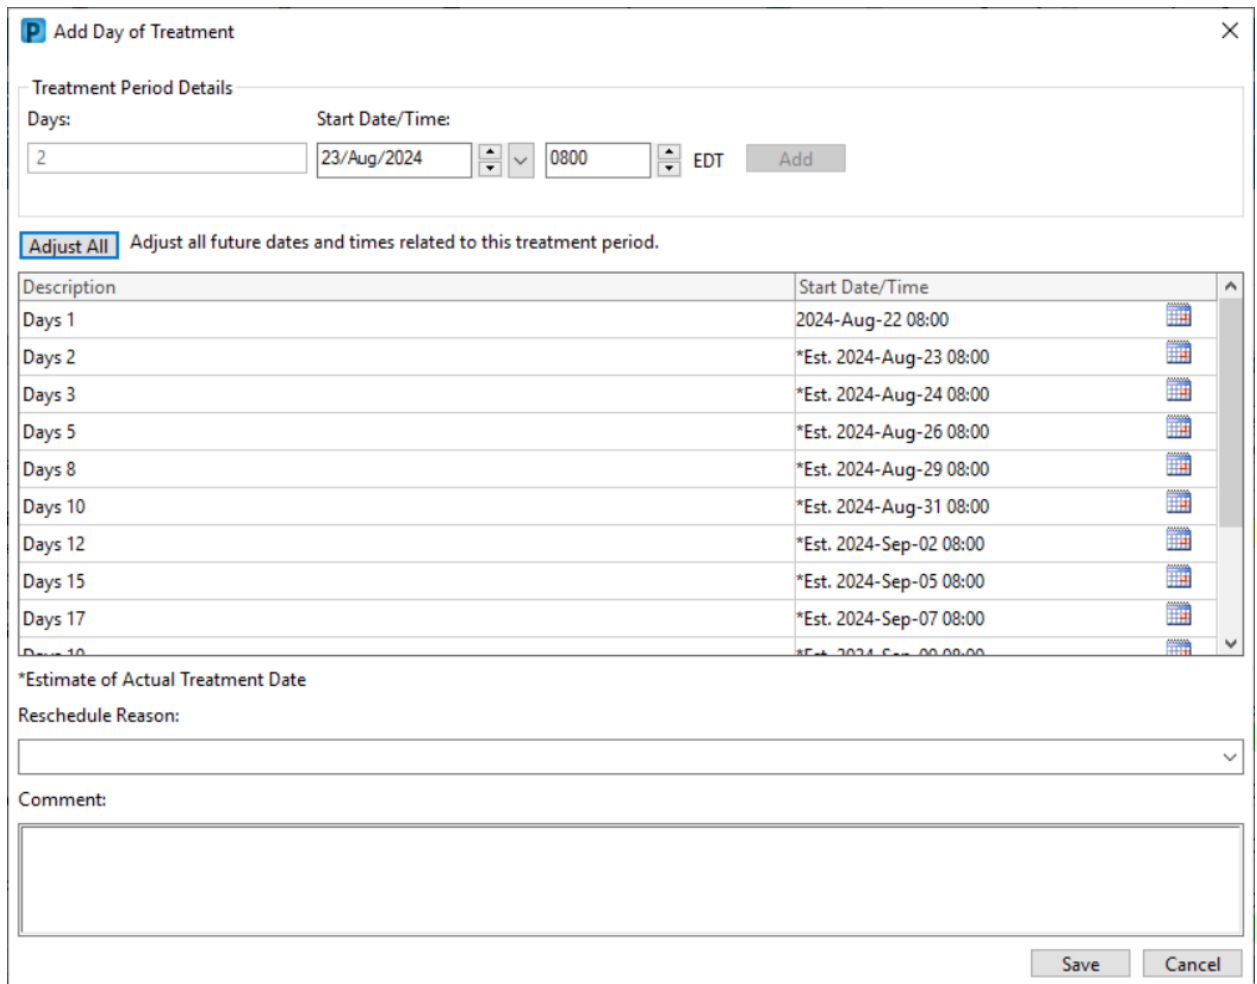

The 'Actions' dropdown menu is open, showing the following options: 'Add Order...', 'Add Outcome / Intervention...', 'Add Prescription...', and 'Change Start Date / Time'.

Adding Day of Treatment

1. Select Add to Phase button and click Add Day of Treatment

2. Add Day of Treatment dialogues box opens. Indicate the number of day to be added, as well as the date and time.

A screenshot of the 'Add Day of Treatment' dialog box. The dialog has a title bar with a close button (X). Below the title bar is a section for 'Treatment Period Details' with the following fields: 'Days' (input: 2), 'Start Date/Time' (input: 23/Aug/2024), and 'Time' (input: 0800). There are also dropdown arrows for the date and time fields, and a button labeled 'Add'. Below this section is a button labeled 'Adjust All' followed by the text 'Adjust all future dates and times related to this treatment period.' Below that is a table with two columns: 'Description' and 'Start Date/Time'. The table contains several rows for 'Days 1' through 'Days 17', with dates ranging from 2024-Aug-22 to 2024-Sep-07. Each row has a small calendar icon to its right. Below the table is a section for '*Estimate of Actual Treatment Date' with a 'Reschedule Reason:' dropdown menu and a 'Comment:' text area. At the bottom right of the dialog are 'Save' and 'Cancel' buttons.

Description	Start Date/Time
Days 1	2024-Aug-22 08:00
Days 2	*Est. 2024-Aug-23 08:00
