Swim Lane:

Role(s): Emergency Medicine Physician

Department(s):

Security Position(s):

Start/Stop [1255]

Description: Check in as an available provider

Work Step [16988]

Description: Determine which patient needs to be seen next

Comments: Use "My Patients and Unassigned" filter Look for patients in an unassigned status

Work Step [1252]

Description: Assign self to patient before entering the patient's room by selecting the MD column

Step Impact: Regulatory

Regulatory Details: Emergency Medical Labor Treatment Act (EMTALA)

Comments: Medical Screen Exam Completion

Provider assignment completes the Dr. Exam event which triggers key icon for Full Registration. Sign column indicates documentation has not been started.

For Quality Measure Information, access the [Hospital OQR Specifications Manual](#)

Then select "Provider Contact Time."

Work Step [1253]

Description: Review Triage, critical notes, past visits, medications, allergies, and histories in "Patient Summary" window

Comments: Critical Notes examples include Advance Directives and Opioid Treatment Agreement Documents.

Work Step [1251]

Description: Perform physician assessment

Work Step [1250]

Description: Place orders for diagnostic tests, procedures or treatments

System [17020]

Description: Orders trigger nursing tasks for procedures and treatments

Work Step [1249]

Description: Document HPI, Review of Systems, Past, Family, Social History, and Physical Exam

Comments: Recommend free-text, hot spot dictation, or Dragon Dictation for HPI. Recommend Dragon macros or auto text for review of systems and physical exam.

Free-text differential diagnoses into Medical Decision Making component when applicable

Work Step [1247]

Description: Document procedures performed in workflow component if applicable

Future State: ED - Emergency Medicine - Provider (Physician)

Cerner Workflow ID: 14712 (v. 12.0) Client Workflow ID: 396

Last updated by Sophia Di Pelino, Jan 30, 2024 1:20pm (UTC -4 hours)
