

## LOGGING INTO DRAGON DICTATION ENABLED POWERCHART HOSPITAL INFORMATION SYSTEM (HIS)

### END USERS

---

#### Overview

To log into the **Cerner Domain**, click on the following link to open the Cerner Domain login page: <https://nhstorefront.res.lhiniv.net/Citrix/OracleHealthWeb/>

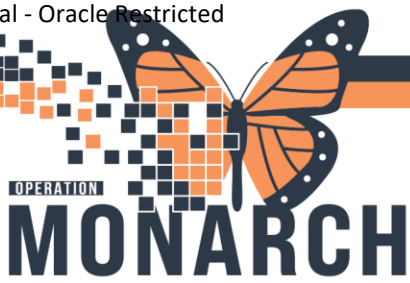

2. Type in your NH mnemonic aka **username** and **password**.

**Reminder:** Your **username** consists of the first three letters of your LAST NAME and the first three letters of your FIRST NAME:

 i.e. John Doe = doejoh

**! IMPORTANT:** If you encounter an error, try entering your username as **nhs\username**.

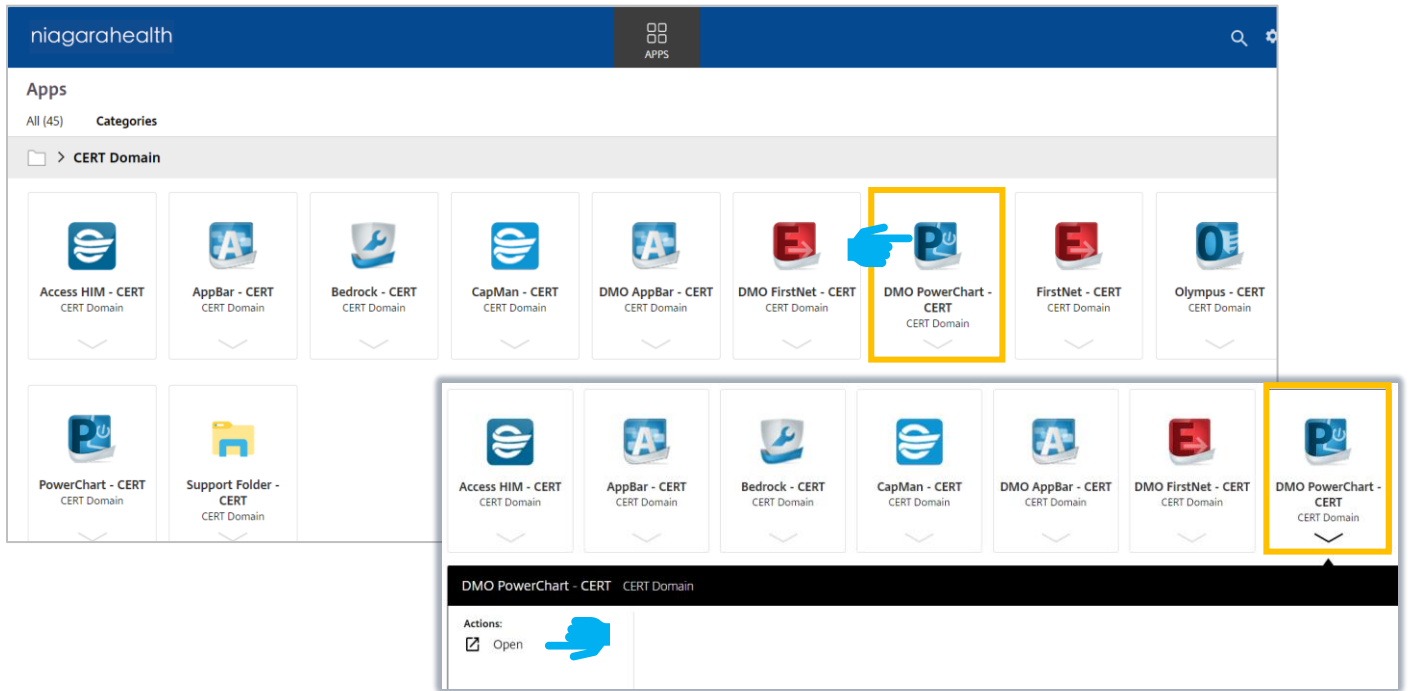

A screenshot of the Citrix StoreFront login page. The page has a dark background with a light-colored login form. On the left, it says 'citrix | StoreFront'. The form has two input fields: 'User name:' and 'Password:'. Below the fields is a blue 'Log On' button.

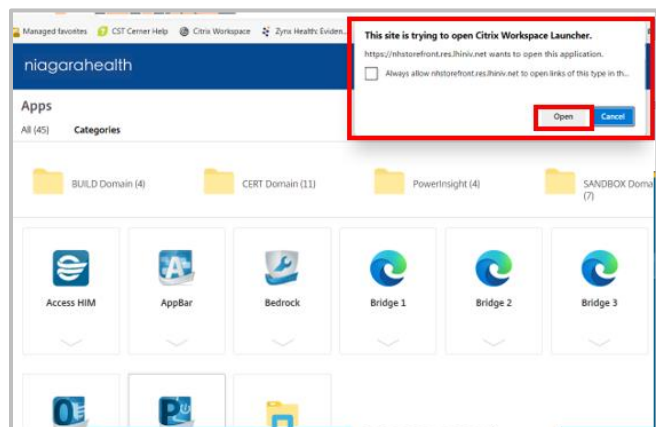

# LOGGING INTO DRAGON DICTATION ENABLED POWERCHART HOSPITAL INFORMATION SYSTEM (HIS)

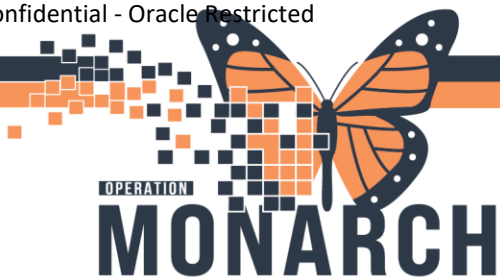

After successfully logging in, you are brought to the following page:

1. Click on the **DMO PowerChart** icon and,
2. Either **double-click** on the icon or click the **down arrow** and select **open**.

3. Click **Open** to allow the **Citrix Workplace Launcher**

## LOGGING INTO DRAGON DICTATION ENABLED POWERCHART HOSPITAL INFORMATION SYSTEM (HIS)

4. This will open the **Nuance Dragon Medical One** sign-in box.

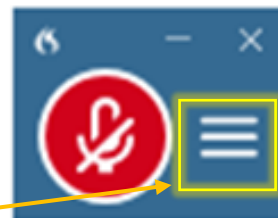

Enter your Active Directory User name provided during set up and address the following drop-down boxes:

- **Microphone** - option is either:
  - Nuance Powermic III or Powermic IV (*which is the black hand-held mics*) OR
  - Nuance Powermic Mobile (*which is their cellphone*)
- **Language:** Leave as English (Canada)
- **Specialty:** Leave as General Medicine

5. Click **OK** to open PowerChart.

Dragon becomes a small box on the screen that can be moved by clicking, holding and dragging anywhere on the screen.

**TIPS:**

Click on the **three lines**, aka hamburger, to access the Dragon menu.

Select **Menu** to access further Dragon documentation under the **HELP** and **WHAT YOU CAN SAY**.

Stored documents can be saved by clicking on the hamburger, opening **MANAGE AUTO TEXT**, and adding a custom auto text.

Review **MANAGE VOCABULARY** for instruction on training Dragon to recognize spelling and voice commands.
