## **TIP SHEET** HOSPITAL INFORMATION SYSTEM (HIS)

4. When prompted to confirm, click "Yes, reset Citrix Workspace."

Are you sure you want to reset Citrix Workspace?
Resetting will delete all apps, desktops, accounts, and configurations, and return Citrix Workspace to default settings. It will also close all active sessions.
Warning: You should reset Citrix Workspace only to resolve serious problems.

#### 5. Click ok

Citrix Workspace	×
Citrix Workspace is reset to the default settings.	
ОК	]

- 6. Click OK again on next prompt.
- 7. Next, WAIT 30 SECONDS, then try launching your Citrix App(s) again.

<u>If you are still experiencing access issues</u>, please contact **At-The-Elbow (ATE) support** or submit a ticket to the <u>**HIS Service Desk**</u>. Be sure to include **your device and username information** in your ticket:

### https://niagarahealth.service-now.com/sp?id=monarch

### Tips to Submitting a Ticket:

- Give as much detail as possible to ensure the Command Centre is able to quickly understand the issue and place it in a priority sequence.
- Include the name of the person who is experiencing the issue and their contact information.

- Select the appropriate category, sub-category and priority of the issue.
- Attach a screenshot of the issue, or to help explain the issue, whenever possible, keeping in mind that no patient-identifiable information should be included in the screenshot.
