

TIP SHEET

HOSPITAL INFORMATION SYSTEM (HIS)

Medication Administration Ordering and Documentation Launch into Patients Chart

Add the medication order given by the Physician

Fill out the Ordering Physician's name and choose Verbal with Read back (Cosign)

*Physician name
Test, IMO -> IMO

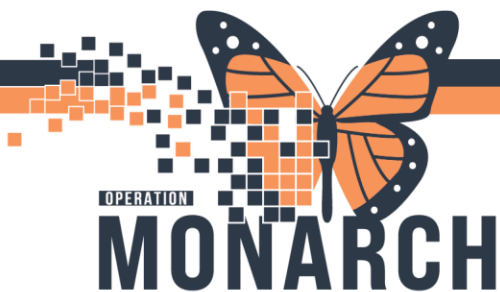

*Order Date/Time
17/Oct/2024 1525 EDT

*Communication type

- Phone with Read Back (Cosign)
- Verbal with Read Back (Cosign)
- Written
- Downtime Back Entry
- Initiate Plan
- Electronic
- Per Policy
- Medical Directive

OK Cancel

This will route to the Physician's message centre for them to sign off on after the procedure has been completed.

TIP SHEET

HOSPITAL INFORMATION SYSTEM (HIS)

The Technologist or RN (HCP Health Care Professional) is documenting on behalf of a *scrubbed Physician* who is administering the medication

Charting will POP open and default to HCP that is signed in, if the HCP is documenting on behalf of a physician make sure they change “performed by” to “scrubbed ordering Physician”

*Performed date / time: 17/Oct/2024 11:44 EDT

*Performed by: [Yellow box]

Witnessed by: []

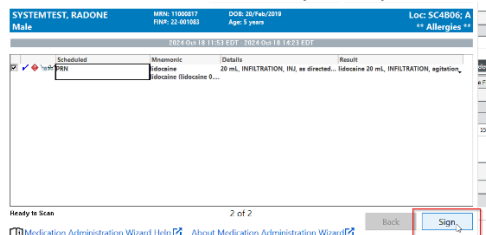

Medication not given within the last 5 days.

*lidocaine: 20 mL Volume: 0 ml

Diluent: <none> ml

*Route: INFILTRATION Site: []

Documentation window pulls up. Fill it out, click “ok”. Then when you are done hit “sign”

Medication documentation is now updated in the patient's chart
