

PRESCRIBER: ESTABLISH LIFETIME RELATIONSHIP

Once a relationship is established it will only last approx. 72 hours and will need to be re-established after that time frame passes. Prescribers **ONLY** can establish a **Lifetime Relationship**, allowing them to skip this step.

1. Click the Patient Information section of the Menu.
2. Click on the Relationship Summary tab.

3. Click on your profile to highlight it.
4. Right click on the highlighted line and a box will pop open.
5. Click on Create Lifetime PPR

Selected Name	Relationship	Status	Begin Date	End Date	Physician Special/Admit Date	Discharge Date	File Number	Medical Service	Priority	Location
