

Barcode Scanning During Specimen Collection

Approved Patient Arm Bands

RED – FIN (Account #) – used for financials and billing

BLUE – MRN (Medical Record #) – unique ID assigned to patient

BLACK – VISIT ID # (encounter #) - links the current visit to the MRN

Barcode Used For Specimen Collection (PPID)

Visit ID # - This links the visit number to the MRN. Only blood work ordered on the active visit will be visible. **This is the barcode scanned when performing specimen collection.**
