## OUTSIDE DOCUMENTS TAB

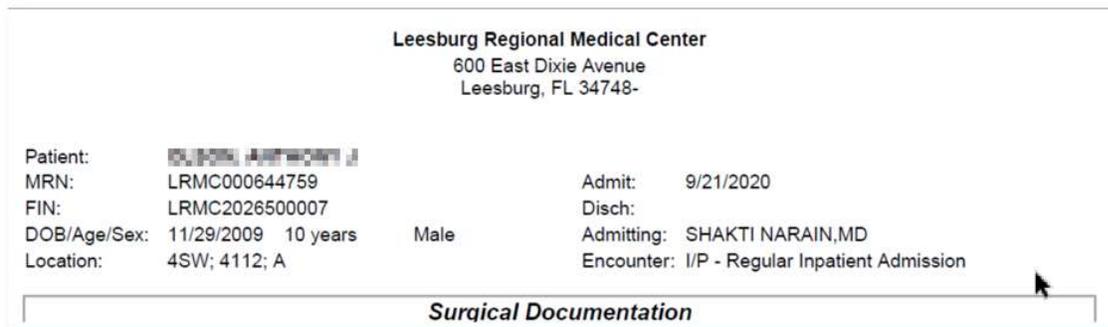

Documents from external providers can be saved to the patient chart, from the “**Outside Documents**” section. This process is called “**Save to Chart**”, and when a document is saved, it will live in the Documentation section within the Side Menu.

## HOW TO OPEN A DOCUMENT

1. Navigate to the Outside Documents tab within Outside Records

2. There will be a list of available documents that can be viewed or saved to the patient chart. Select a document listed within a section to open a view of the complete document provided:
