Swim Lane:

Role(s): Prescriber [Custom]
Department(s):
Security Position(s): Physician - Hospitalist

Start/Stop [29398]

Description: Access Message Center to review orders for cosignature, proposed orders, documents to sign or review, and/or messages

Work Step [18285]

Description: Access appropriate patient list on Prescriber Handoff and review I-PASS and clinical data as needed

Comments: There are two options in the HIS for accessing your lists of patients. One option is using the Patient List section to build your list. You can pull these Patient Lists into the Prescriber Handoff tool after you've built them. The second option is using a Care Team list which will be specialty specific. You can access

both Patient Lists and Care Team lists from the Prescriber Handoff tool, so we recommend viewing all of your lists from this location.

Work Step [18288]

Description: Open patient chart and review results, documentation, orders using Inpatient Workflow MPage

Work Step [18290]

Description: Assess Patient. Update hospital course, problem list, place new orders, and start Dyn Doc note via contextual view on Mpage.

Decision [18307]

Description: Is patient ready for discharge (Home, non-NH/HDS facility)?

Decision [18434]

Description: Is patient transfer needed?

Work Step [29395]

Description: Complete Dynamic Documentation Progress Note

Comments: Academic Considerations: The note status for Resident and Medical Student notes will be put into a preliminary status based on organizational policy. Please reference "Provider Workflow - Resident and Advanced Practice Provider Documentation" and "Medical Student Documentation"
