Last updated by Christina Carile, Apr 10, 2024 1:02pm (UTC -5 hours)

**Work Step [101]**

Description: Care team members document planned Leave of Absence in respective treatment powerforms

Method: PowerForm

Step Impact: Training

Comments: Each practitioner involved in the patient's care, should be documenting in their respective powerforms, the planned Leave of Absence, the safety concerns/steps taken, the equipment needs, and the patient's goals. It should also be noted if the patient was given the questionnaire by the care team.  
The practitioners can document this is their "Plan", respective Goals and Notes sections within their powerforms, and Rehab Nursing should be documenting in their Iview sections.

**Work Step [104]**

Description: Reschedule any tasks in the MPTL for when patient returns

Step Impact: Training

Comments: Reschedule treatment powerform tasking as needed - right-click on task in the MPTL and choose "Reschedule This Task" - this is not available via Rehab Organizer.

**Decision [26]**

Description: Did patient return within allowed Leave of Absence duration?

**Off Page Reference [95]**

Workflow Link: Rehab Therapies Rehab High/CCC Discharge Process

Comments: Discussion will occur with Clinical Managers regarding next steps and if patient will be discharged from HDS. The discharge process will occur once the organization decides if the patient will be discharged due to failure to return after planned Leave of Absence.

**Work Step [18]**

Description: Resume care

**Swim Lane:**

Role(s): Prescriber [Custom]

Department(s):

Security Position(s): IRF Case Manager
