- Hand Over process is completed, Nurse/Ward Clerk to transfer patient to allocated LR room
 Refer to Internal Transfer Tip Sheet
- Transfer device to allocated LR (refer to Monitor Association Tip Sheet)
 - Navigate to Fetal Link Census View

СН

- Select the new monitor location
- Select Monitor Association button
- Bar code scan patient wrist band and EFM
- Transfer dialogue box opens
- Select Transfer Patient only button and click apply
- Patient should now be in new location
- Modify Time if necessary
- Navigate to OB Patient History PowerForm and complete all applicable admission data (If Antenatal labs are not obtained in hospital please enter in results here)
