

LOCUM MALIGNANT HEMATOLOGY, APP POSITION WALKER FAMILY CANCER CENTRE & NIAGARA HEALTH

Niagara Health seeks a highly motivated physician with a passion for providing the highest quality care to join the Department of Oncology on a locum tenens coverage from April 1, 2025 to April 12, 2026 to fill a current COMET APP 0.7 FTE position. Remuneration is per COMET locum coverage benefits plus shadow billings.

The successful candidate would join a team of twelve other medical oncologists and malignant hematologists along with five radiation oncologists, three benign hematologists, and four palliative and supportive care physicians.

Walker Family Cancer Centre provides comprehensive cancer care in a modern facility integrated into a full-service hospital in St. Catharines. The Cancer Centre has strong working relationships with the Juravinski Cancer Centre in Hamilton across the spectrum of disease sites.

Opportunities would also exist for seeing benign hematology patients in a shared, subsidized outpatient office, and participation in the ambulatory and inpatient Thrombosis Service on a fee-for-service basis.

On-call responsibilities would consist of inpatient rounding and admissions from Emergency on a schedule shared with twelve other oncologists, and new patient consults one day each week. There would be no requirement for General Medicine call. An oncology hospitalist is MRP for patients on the Oncology Inpatient Service on weekdays.

Opportunities would exist for teaching of medical students and residents, and for participation in clinical trials.

Niagara Health is a regional healthcare provider with multiple sites and a growing network of community-based services. Our team consists of more than 4,800 employees, 600 physicians and 850 volunteers who we count on to deliver extraordinary caring to every person, every time.

We provide a wide range of inpatient and outpatient services to more than 450,000 residents across Niagara, including Acute Care, Cancer Care, Cardiac Care, Complex Care, Emergency and Urgent Care, Kidney Care, Long-Term Care, Mental Health and Addictions, Stroke Care and Surgical Care. Another new ultramodern hospital in South Niagara is under construction.

The Practice:	<ul style="list-style-type: none">• Malignant hematology, excluding acute leukemia (beyond palliative management)
Qualifications Required:	<ul style="list-style-type: none">• Independent license or eligible for independent license with the College of Physicians & Surgeons of Ontario (CPSO)• FRCP(C) with certification in Medical Oncology or Hematology and eligible for APP under ONT MOA agreement• Experience treating patients with hematologic malignancies• Eligible to work in Canada without restrictions
